Question by Ruletest.info and Frank Kristensen

## Question

Team A attempts a field goal from the B-8. The kick is partially blocked by B21, whose movement causes him to hit the kicker's plant leg. Both B45 and B29 are in position in the endzone to catch the blocked kick. B29 is pushed by A88 just prior to the kick arriving. B45 catches the kick. Just when he tries to secure the ball, he is hit by A66. This causes him to fumble the ball through the goal (above the crossbar and between the uprights). The ball then hits the endline.

What is your ruling?

## Answer

There is no foul for roughing the kicker at B21 blocks the kick.  
Foul by A88 for kick catch interference.
